Best Use	As our SMALLEST unit in the range, the JS230 is perfect for spot cooling	The QUIETEST of the units, the JS250 works well in your mid-size areas	If your looking for a unit that can long throw then the JS260 is THE ONE	The largest in the range, the JS270 is known as our AIR MOVER

PORTABLE INDIRECT EVAPORATIVE COOLING

The Airbitat City Cooler units are purposed designed for outdoor air conditioning.

The unit design and user functionality has been specifically targeted for areas where people gather, such as, outdoor bars & alfrescos.

The Airbitat City Cooler has smart cooling technology and design, it's intelligent cooling and high performance provides high quality cooling in outdoor spaces.

PORTABLE REFRIGERATED UNIT

The WPC Refrigerated units are commercial quality units designed for temporary cooling.

These units can be customised with our duct adaptor boxes and ducting to get the maximum performance from your unit.
